

## SNIJPLAAT METRISCH

### Omschrijving

#### Kenmerken

- Metrisch ISO-draad DIN 13
- DIN 223 (DIN EN 22568)
- HSS
- Tolerantie 6g

### Varianten (46)

| Artikelnummer | Artikelnummer fabrikant | Schroefdraad | Schroefdraad | Snijplaat diameter | Snijplaat hoogte | Spoed |
|---------------|-------------------------|--------------|--------------|--------------------|------------------|-------|
| 41-10208-725  | 27402                   | M 1          | M 1          |                    |                  |       |
| 41-10208-726  | 27404                   | M 1.1        | M 1.1        |                    |                  |       |
| 41-10208-727  | 27406                   | M 1.2        | M 1.2        |                    |                  |       |
| 41-10208-728  | 27408                   | M 1.4        | M 1.4        |                    |                  |       |
| 41-10208-729  | 27410                   | M 1.6        | M 1.6        |                    |                  |       |
| 41-10208-730  | 27412                   | M 1.7        | M 1.7        |                    |                  |       |
| 41-10208-731  | 27414                   | M 1.8        | M 1.8        |                    |                  |       |
| 41-10208-732  | 10423                   | M 2          | M 2          |                    |                  |       |
| 41-10208-733  | 27418                   | M 2.2        | M 2.2        |                    |                  |       |
| 41-10208-734  | 27420                   | M 2.3        | M 2.3        |                    |                  |       |
| 41-10208-735  | 10424                   | M 2.5        | M 2.5        |                    |                  |       |
| 41-10208-736  | 27424                   | M 2.6        | M 2.6        |                    |                  |       |
| 41-10208-737  | 10401                   | M 3          | M 3          |                    |                  |       |
