

## STAALDRAADKLEMMEN TYPE 741, VERZINKT

### Omschrijving

materiaal: staal  
finish: verzinkt  
normering: gelijkend DIN 741 (met uitzondering van 8400-nummers)

### Varianten (23)

| Artikelnummer | Artikelnummer fabrikant     | A (mm) | C (mm) | E (mm) | geschikt voor staalkabel Ø (mm) |
|---------------|-----------------------------|--------|--------|--------|---------------------------------|
| 41-10495-852  | 400-10E (80000030510)       | 19     | 33     | 17     | 10                              |
| 41-10495-854  | 400-12E (80000030512)       | 24     | 42     | 21     | 12                              |
| 41-10495-856  | 400-03E (80000030503)       | 9      | 20     | 9.5    | 3                               |
| 41-10495-858  | 400-05E (80000030505)       | 11     | 22     | 9.5    | 5                               |
| 41-10495-860  | 400-11E (80000030511)       | 20     | 35     | 18     | 11                              |
| 41-10495-862  | 400-14E (80000030514)       | 25     | 42     | 22     | 14                              |
